GEE AAR INTERNATIONAL

Dewatering Pumps | Sludge Pumps | Rubber Sleeves | Pump Rental

PLACEHOLDER BROCHURE

This is a placeholder PDF so every 'Download brochure / spec sheet' button on the website works from day one.

REPLACE THIS FILE with your real product catalogue, keeping the same filename:
assets/downloads/gee-aar-dewatering-pump-catalogue.pdf

Every download button on the site points at that filename, so no code needs to change.

What a good pump brochure contains:

1. Cover with company name, 'Manufacturer since 1999', phone and website
2. One page per pump model: photo, dimensions, specification table, performance curve
3. A rubber sleeve size and compound chart
4. Rental terms summary
5. Certifications (ISO 9001:2015, GST, Udyam) and a client list
6. Back cover: address, phone, WhatsApp, email, map

Tip: keep the PDF under 5 MB so it opens quickly on a phone over mobile data.
